FACILITY PROCEDURE

I. General

- A. Each facility shall identify a primary and back-up staff member to serve as the facility's Victim Services Coordinator. Reassignment of either role shall be communicated to the PREA Office.
- B. The PREA Office shall be responsible for orienting VSCs.
- C. Support provided to an alleged victim following an experience of sexual abuse shall be guided by a facility-specific Memorandum of Understanding between DOC and the SASP.
- D. For every alleged victim of sexual abuse, the VSC is tasked with the following responsibilities, which are described in greater detail below: victim accompaniment, facilitating support services, and monitoring for retaliation.

DAI Policy #: 410.50.04	New Effective Date: 10/18/21	Page 3 of 6

- E. At the same time the alleged sexual abuse incident is assigned an investigator(s), the VSC will be notified of the victim's identity via a SINC notification.
- F. All contact, including attempts, with an alleged victim shall be documented on DOC-2767 via SINC.
- G. The VSC shall be notified of the outcome (i.e. substantiated, unsubstantiated, or unfounded) via SINC notification at the close of the investigation. The VSC may discontinue services if the allegation is deemed unfounded.
- H. Upon request of the Warden/designee or PCM, the VSC shall participate on the facility's sexual abuse incident review team and/or community's sexual assault response team.
- I. If an alleged victim transfers to another DOC facility, the VSC shall notify the receiving VSC of their arrival and current or remaining support service needs. The obligation to provide support services shall end if the alleged victim leaves DAI custody.
- J. When working with an alleged victim, the VSC shall maintain an appropriate degree of confidentiality at all times. Apart from discussing with designated supervisors, staff may not reveal any information related to a sexual abuse incident to anyone other than to the extent necessary to make treatment, investigation, and other security and management decisions.
- K. The VSC shall immediately report concerns of an imminent safety or security risk expressed by the alleged victim to the appropriate security staff and PSU clinician(s).
- L. The VSC shall use POC-104 as a resource to guide their services.

- A. The VSC shall provide victim accompaniment, in the following ways, only in the event an advocate from a SASP is unable to.
 - 1. As requested by the victim, the VSC shall accompany and support the victim during a sexual assault nurse examiner (SANE) examination and investigatory interviews.
 - 2. As requested by the victim, the VSC shall provide emotional support, crisis intervention, information and referrals.
- B. Accompaniment shall be provided in accordance with POC-103.

III. Support Services

- B. If the alleged victim accepts offered services, the VSC shall refer to internal supports (i.e. PSU, HSU, Chaplain, etc.) and/or facilitate contact with the local SASP.
 1. The SASP may meet with the alleged victim via telephone, videoconferencing or in person. In person SASP visits shall be managed as all other professional visits within a correctional facility and shall be held in the same location, or equivalent, as attorney visits to ensure confidentiality.
 2. Prior to any SASP contact, the VSC shall inform the alleged victim of the extent to which communication with the SASP may be monitored.
 3. The VSC shall serve as the SASPs facility-based point of contact and shall coordinate all contact between the SASP and the victim. The VSC shall ensure the SASP has proper clearance to enter the facility.
 4. Following an investigation, if the incident is determined unfounded, the VSC may discontinue support services. If the incident is determined unsubstantiated or substantiated, the VSC shall periodically review the need for continued support with the alleged victim, SASP and internal support providers, as needed.
- C. During periodic retaliation monitoring status checks described below, the VSC shall ask the alleged victim about the individual's perceived degree of wellness. Support services shall be modified, as needed.
- D. If the alleged victim declines support services initially, but requests support at a later date, the VSC shall make accommodations.

IV. Retaliation Monitoring

- A. Following a report of sexual abuse, the VSC shall monitor the conduct and treatment of the reporter and alleged victim once every 30 days for at least 90 days. Monitoring efforts shall continue beyond 90 days if there is a continuing need. If the report is determined to be unfounded, efforts to monitor retaliation may be discontinued.
